Report on Project Fair 2018

Information Technology Department, LEC Morbi organized a project fair on 17/4/2018. During the fair, students of final year IT exhibited their projects. Junior students and faculty members of different departments visited the fair. Students have developed various projects related to web application development and mobile application development. Total 14 different projects are developed. The technologies used are .NET, PHP, Java and Android App development. To judge the projects, Prof. Darshan Tank and Prof. Shilpa Rathod, both from IT department of LEC Polytechnic, Morbi were invited. The judges gave suggestions for improvement to each project group.

Following projects are selected in order by judges as the best three projects.

1. Project Name: Workloop
Developed by: Jyoti Singh (140310116025)

2. Project Name: Web portal for Faculty Mentors of LEC, Morbi
Developed by: Bhavna Panwar (140310116003)

3. Project Name: Wedding Vendor
